

March 2010

Dear Docmail user,

So much is happening here at Docmail headquarters we wanted to update you with our exciting news...

1). Launch of Docmail Instant!™

This is our slimmed down version of standard Docmail, where you can create your whole mailing using just one screen.

There is no account needed, you can just upload your letter, enter an address (or upload a mailing list), approve your proof, pay... and you're done!

We've also added PayPal compatibility in case you don't have your credit/debit card to hand. There is added functionality that allows you to create your letter using a text editor rather than word or adobe, and you can send a single letter or mail to a list. So now it's even easier! Why not give it a go right now?

The Federation of Small Businesses is the UK's largest campaigning pressure group promoting and protecting the interests of the self-employed and owners of small firms. Formed in 1974, it now has 215,000 members across 33 regions and 230 branches.

We are proud to be approved by the FSB National Council as a Members Service and have launched FSB Print and Mail, with additional benefits for FSB members.

This year FSB annual Conference at the Aberdeen Exhibition and Conference Centre saw the launch of our new service to members.
